Town Creek Park is Getting and Upgrade!

Town Creek Park is one of Brunswick County's most popular parks, so it is only appropriate that this park get a well deserved upgrade over the next couple of years. The county is calling for a five year plan for park expansion and upgrades. Plans are underway to develop a master plan for the park which will allow the county to inventory the park and decide what needs to happen to make this park more useful to Brunswick County citizens. A steering committee with key individuals from the county along with Brunswick County Parks and Recreation will help to make decisions about what will be included in the new upgrade. Plus an engineering and landscape architecture firm will be obtained to help develop the plan for the park. We will keep you up-to-date on all things TCP as work begins and the future of the park unfolds. Thank you Brunswick County for making our parks a priority for future generations to enjoy!
