**County of Brunswick
Request for Proposals**

The County of Brunswick requests proposals to provide grinding and screening services for yard wastes and land clearing debris collected and stockpiled at the site of the Brunswick County Construction and Demolition Landfill in Bolivia, North Carolina.

I. General Information

Yard wastes (limbs, leaves, and grass clippings), land clearing debris (branches, stumps, and logs) and untreated wood (lumber and pallets) are collected at a designated area for periodic grinding into mulch. The mulch is made available to the public.

II. Scope of Work

The contractor shall provide all equipment, materials, and labor necessary to grind and screen all yard wastes and land clearing debris (including untreated wood waste) received at the Brunswick County Construction and Demolition Landfill site, and shall be responsible for all costs associated with performing the service. The contractor shall grind the material to approximately one and one half (1 ½ inch) minus size. Ground material must be screened unless otherwise stated prior to the start of the grinding. The dirt “fines” (material less than ½ inch) will be left for use by the County. The County may request that all other material be removed. This decision will be made prior to the start of the grinding. Grinding shall be performed as needed or, at a minimum, once per fiscal year. Ground material shall be arranged into windrows of the following dimensions: 24-foot base, not to exceed 10 feet in height with a minimum 25-foot lane space between windrows and less than 100 yards long.

The amount of material requiring grinding services received for FY 2014-15 was 5,393.52 tons, however tonnage is not guaranteed by the County. The proposer should contact the County if more detailed landfill weight records are necessary. The unit price shall include all equipment, labor, personnel, transportation, lodging, insurance, administrative, and any other associated costs incurred by the contractor to fulfill the obligation of the contract. All proposals shall be valid for a period of 90 days following the proposal submission deadline.
