

2013-2014

Wastewater Collection System Annual Report

Permittee: City of Northwest
P. O. Box 1509
Leland, NC 28451

Responsible Person: Steve M. Hlastala
Collections System Superintendent/ORC
P. O. Box 249
Bolivia, NC 28422
(910) 512-4605 Cell
(910) 253-2681 Office

Permit # WQ 00032475

In the year 2013-2014, the County of Brunswick's Public Utilities Wastewater Collections Division as contract operator maintained and operated the sewage system for the City of Northwest and the Town of Sandy Creek. The combined sewer system of Gravity, Low Pressure, and Vacuum Sewer serving 382 customers experienced only minor problems with no reportable sewer spills during this period.

Brunswick Operators have performed all necessary preventive maintenance as required with the system operating at normal. The County has corrected design problems at the Sandy Creek Pump Station and installed an upgraded SCADA system to monitor the station 24/7. It is the County's intent to provide a copy of this report to the State of North Carolina by mail in July 2014 and to the City of Northwest and the Town of Sandy Creek. The report will be posted on the City's Web site, copies will be available at the Town Hall, and is available for viewing at the Brunswick County Public Utilities Web site at:

<<http://www.brunswickcountync.gov/Departments/LandDevelopment/Utilities/AnnualReports.aspx>>

Questions, comments, or requests for paper copies of this report should be directed to the City of Northwest at 910-655-3110.

I hereby certify this report is complete and accurate to the best of my knowledge.

Steve M. Hlastala
Collections System Superintendent/Operator in Responsible Charge

cc: City of Northwest
