	Civilian received in the VIP - will need to be duplicated in the meeting
13	Overseas returned by mail or will be duplicated during board meeting
10	Military returned by mail or will be duplicated during board meeting

<b>19 Ballots Requiring Board Review - Approval</b>	
18	Accepted Cure – Civilian
1	Accepted Cure – Military (will be duplicated during the meeting)
	Overseas (received electronically, duplicated by bipartisan team prior to the meeting)
	Military (received electronically, duplicated by bipartisan team prior to the meeting)

<sup>1</sup>The Resolution to Delegate Administrative Duties Relating to Absentee Voting to the Director and Staff approved by the board on 10/17/23 states that "The board will not review individual ballot envelopes that have been recommended by staff for approval and will accept staff's recommendation for those ballot envelopes and photo ID documentation. The board will spot-check a minimum of two envelopes and accompanying photo ID documentation to ensure accuracy and consistency. The board reserves the right to review all ballot envelopes that have been recommended by staff for approval."

<sup>2</sup> Per Numbered Memo 2020-25, these ballots should be approved by the board if the board does not unanimously conclude that the exception form is false.

<b>15 Ballots Requiring Board Review - Pending Board Decision</b>	
8	Civilian ballots received in a sealed return envelope, but the ballot envelope was unsealed <sup>3</sup>
7	Civilian ballots where the voter indicated that their photo ID documentation is inside the ballot envelope <sup>4</sup>
	Civilian ballots that were returned by an unauthorized person <sup>5</sup>
	Affidavit Review Pending (reason on Photo ID Exception Form to be reviewed by Board)
<b>51 Ballots Requiring Board Review - Disapproval<sup>6</sup></b>

	Civilian ballot unsealed. Ballot has been spoiled and a new ballot issued.
46	Civilian received after deadline

---

<sup>3</sup> Numbered Memo 2021-03 provides that when the ballot is inside the executed ballot envelope which is not sealed but the ballot envelope is received in a sealed return envelope, this anomaly is not a deficiency. Staff is instructed to re-seal the return envelope with a notation of “sealed in return envelope” and the county board should open the return envelope and address the ballot at its next absentee meeting.

<sup>4</sup> Numbered Memo 2021-03 states “A voter may respond to a notification that their ballot is missing photo ID documentation by stating that it is in the ballot envelope. If this occurs, staff must defer the review of the photo ID documentation to the next absentee board meeting, when the county board can review the application and, if approved, open the ballot envelope and confirm photo ID compliance.”

<sup>5</sup> Numbered Memo 2020-23 states that delivery of an absentee ballot by a person other than the voter, the voter’s near relative, the voter’s legal guardian, or a person of the voter’s choice when the voter needs assistance due to disability, is not sufficient evidence in and of itself to establish that the voter did not lawfully vote their ballot. A county board shall not disapprove an absentee ballot solely because it was delivered by someone who was not authorized to possess the ballot.

<sup>6</sup> Numbered Memo 2020-25 states “Whether the county board delegates the initial review of absentee envelopes to staff or chooses to have a bipartisan team of board members review envelopes during the meeting, all board members present at the meeting must approve or disapprove the ballots.”

*The Resolution to Delegate Administrative Duties delegated the task of “Inspecting ballot envelopes and return envelopes for deficiencies and contacting voters as required by Numbered Memo 2021-03.”*
