¹The Resolution to Delegate Administrative Duties Relating to Absentee Voting to the Director and Staff approved by the board on 10/7/25 states that “The board will not review individual ballot envelopes that have been recommended by staff for approval and will accept staff’s recommendation for those ballot envelopes and photo ID documentation. The board will spot-check a minimum of two envelopes and accompanying photo ID documentation to ensure accuracy and consistency. The board reserves the right to review all ballot envelopes that have been recommended by staff for approval.”

² Per [Numbered Memo 2020-25](#), these ballots should be approved by the board if the board does not unanimously conclude that the exception form is false.

³ Per [Numbered Memo 2020-25](#), the board must individually review all ballot envelopes that: (1) have been recommended for disapproval by staff, (2) have a cure certification associated with that ballot envelope, or (3) where staff need further guidance from the board as to whether the envelope was properly executed or the photo ID documentation meets all legal requirements.

⁴ [Numbered Memo 2021-03](#) provides that when the ballot is inside the executed ballot envelope which is not sealed but the ballot envelope is received in a sealed return envelope, this anomaly is not a deficiency. Staff is instructed to re-seal the return envelope with a notation of “sealed in return envelope” and the county board should open the return envelope and address the ballot at its next absentee meeting.
