

# Mission, Vision, and Values

## Our Mission

To preserve, protect, and improve the health of the community.

This mission is accomplished through the collection and dissemination of health information, education, and service programs aimed at the prevention of disease, protection of the environment, and improvement of the quality of life for our citizens.

## Our Vision

Brunswick County Health Services assures the health and safety of our future generations and envisions an agency that strives to follow best public health practices through quality improvement, a diverse, well-trained workforce, service expansion, and collaborations with partnerships.
