

Is it time for your annual mammogram?

Novant Health Brunswick Medical Center's mobile unit will be on-site.

Screening mammograms are covered as preventive care under most insurance plans. For your convenience, we will file a claim with your insurance provider on your behalf.

If you have had previous mammograms outside of the Novant Health network, our team will contact your prior facility to obtain those images for comparison purposes. Please be prepared to provide this information at the time of your appointment.
