**RE:** **Rezoning Case# Z-766 - Marva S. Moss and Edna S. Bryant**

**Background:**

Rezoning Case #Z-766 is a proposed rezoning that was tabled at the July 9, 2018 Planning Board Meeting. The applicant applied to rezone approximately 1.15 acres located off Hazels Branch Road (SR 1619) near Leland from RR (Rural Residential) to CLD (Commercial Low Density) for Tax Parcel 0570007203. At the July 9<sup>th</sup> meeting, both staff and board members expressed concern that the rezoning request would be considered a spot zoning. The rezoning was tabled in order to give the applicant time to meet with adjacent property owners to possibly include their properties in the rezoning request. Mrs. Moss met with planning staff and indicated that she has been unsuccessful in persuading adjacent property owners to join her rezoning and indicated that she would like to proceed with her rezoning request as submitted.

# REZONING STAFF REPORT

Rezoning Case#: Z-766

July 9, 2018

## APPLICATION SUMMARY

The applicant requests to rezone Tax Parcel 0570007203 from RR (Rural Residential) to CLD (Commercial Low Density). This rezoning request is conventional therefore, no conditions or site plans are proposed. All owners and adjacent owners have been notified via first class mail.

### Location

Hazels Branch Road SE (SR 1619) off of Ocean Highway East (US 17)

### Tax Parcel(s)

0570007203

### Current Zoning

RR

### Proposed Zoning

CLD

### Surrounding Zoning

RR

### Current Use

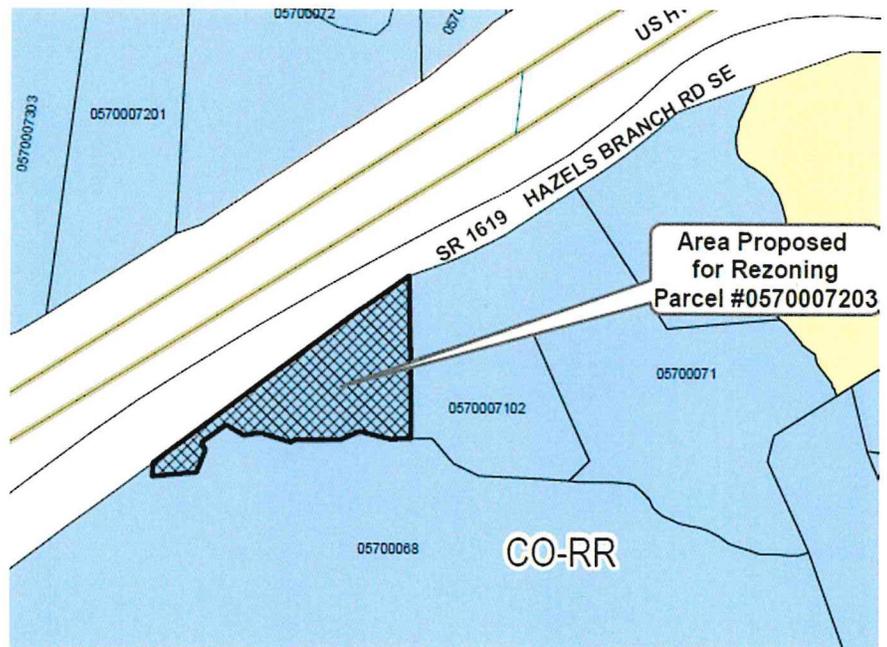

Vacant Land

### Surrounding Land Uses

Residential, Vacant Lands

### Size

1.15 acres

## SITE CONSIDERATIONS

**Zoning History:** There are not any known zoning changes to the rezoning site since introduction of zoning in 1994. Tax Parcel 05700087 located approximately 650' to the northeast was rezoned to CLD as part of Rezoning Case Z-298 on January 16, 2001.

**Buffers:** If rezoned to CLD, all uses will require a 0.6 (vacant) or 0.8 (developed) opacity buffer to RR areas.

**Traffic:** The average annual daily traffic count for this section of Ocean Highway East is 34,000 vehicle trips per day. Traffic count information for Hazels Branch Road is not available.

**Utilities:** Water is available from Brunswick County Utilities along Ocean Highway East. Sewer is not available.

**Schools:** Town Creek Elementary School is currently out of capacity. Leland Middle School is currently near capacity.

**CIP Projects in Area:** Northwest Water Plant Expansion-Phase 3 (FY 2020). New Town Creek Middle School (FY 2019).

**NCDOT Road Improvements in Area:** US Interstate I-140 with Mt. Misery Rd interchange (completed 2017).

**Environmental Impacts:** Biodiversity & Wildlife Habitat Assessment Score: The entire rezoning site scores a 5 or 6 out of 10 due to wetlands classified as substantial. The site is also located in the Flood Hazard Area due to the proximity of Clay Mill Branch.

## ANALYSIS

*"This District is intended primarily to be used in outlying areas, adjacent to major thoroughfares, with yards and other provisions for reducing conflicts with adjacent residential uses, and with substantial setbacks to reduce marginal friction on adjacent major thoroughfares. Commercial uses in this District will serve the needs of residential neighborhoods for auto-dependent commercial facilities; and serve the needs of highway-oriented tourist business."*

**CAMA Land Use Plan Classification:** *Conservation*

- Proposed Zoning is **not** consistent with CAMA Land Use Plan.
- Associated Land Use Plan Amendment (LUM-766):  
Request to amend Tax Parcels 0570007203 from Conservation to Commercial.

**Applicable CAMA Land Use Policies:**

- P.16 states that Brunswick County strongly supports commercial nodes, including town or village centers, and the prohibition of strip commercialization.
- P.17 states that Brunswick County encourages/supports commercial development (nodes) at the intersections of major roads consistent with the County's future land use map.

## STAFF RECOMMENDATION SUMMARY

Based on the information provided, size of the rezoning, surrounding area, current land uses, general planning principles and practices, and the Brunswick County CAMA CORE Land Use Plan policies, Planning Staff recommends **DENIAL** of the rezoning request to CLD (Commercial Low Density) for Tax Parcel 0570007203.

*The following is the basis of the recommendation:*

- The rezoning request is not consistent with the Brunswick County CAMA CORE Land Use Plan:
  - The rezoning request is not consistent with the Brunswick County CAMA CORE Land Use Plan Map which denotes the site as *Conservation*.
  - The rezoning request is not consistent with Brunswick County CAMA CORE Land Use Plan Policies:
    - P.16 states that Brunswick County strongly supports commercial nodes, including town or village centers, and the prohibition of strip commercialization.
    - P.17 states that Brunswick County encourages/supports commercial development (nodes) at the intersections of major roads consistent with the County's future land use map.

## **STAFF RECOMMENDATION SUMMARY (CONTINUED)**

- This rezoning request consists of only one small parcel that encompasses 1.15 acres and is not located at a commercial node or at a major intersection or currently being used for commercial uses.
- The potential for this rezoning to be being classified as spot zoning is high due to small size of the parcel, the number of parcels and owners involved, not being located at an intersection, surrounding land uses, existing land uses, and not being consistent with the Brunswick County CAMA CORE Land Use Plan.
- The entire rezoning site scores 5 – 6 (out of 10) on the Biodiversity & Wildlife Habitat Assessment Score. This high score is reflective of existing wetlands on the site classified as substantial, the existing Flood Hazard Area as well as being located along Clay Mill Branch (A.K.A. Middle Mill Branch, Thornton's Branch).

Excerpt from N.C.G.S. § 153A-341:

*Zoning regulations shall be designed to promote the public health, safety, and general welfare. To that end, the regulations may address, among other things, the following public purposes: to provide adequate light and air; to prevent the overcrowding of land; to avoid undue concentration of population; to lessen congestion in the streets; to secure safety from fire, panic, and dangers; and to facilitate the efficient and adequate provision of transportation, water, sewerage, schools, parks, and other public requirements. The regulations shall be made with reasonable consideration as to, among other things, the character of the district and its peculiar suitability for particular uses, and with a view to conserving the value of buildings and encouraging the most appropriate use of land throughout the county. In addition, the regulations shall be made with reasonable consideration to expansion and development of any cities within the county, so as to provide for their orderly growth and development.*

**STATEMENT OF REASONABLENESS**

Please explain why the proposed zoning is reasonable for the area. Possible reasons could be the rezoning is consistent with the character of the area, the rezoning will match the surrounding zoning, or the rezoning is consistent with the Land Use Plan:

The rezoning is consistent with the character of the area. It will match the surrounding zoning - north and south of the property site. This is an "off-road" - not located on Hwy 17, Hazel Branch is the "off-road."

**LAND USE COMPATIBILITY**

Future Land Use Map Classification:

Is the proposed rezoning consistent with the Land Use Plan?  YES  NO

If not consistent, please explain the change in conditions of the community which justify amending the Land Use Plan Map:

Use of this land by its owners will allow it to create an income ~~by~~ to provide financial payment of county taxes. This is the land use plan. Planning staff is aware of this proposed rezoning request.

NOTE: The future Land Use Map Classification comes from the Brunswick Co. CAMA CORE Land Use Plan. If a rezoning request is not consistent then an amendment is required. Planning Staff can assist with this determination.

**APPLICANT/OWNER SIGNATURE**

In signing of this Rezoning Application, I certify that I have understand the application guidelines and that incomplete applications will delay my application and my rezoning. I ALSO UNDERSTAND THAT MY REZONING REQUEST MUST BE CONSISTENT WITH THE LAND USE PLAN. # BRUNSWICK COUNTY STAFF REPORT AND RECOMMENDATION PLANNED DEVELOPMENT

Application No. PD-20

Applicant: D.R. Horton

Project Name: Hawkeswater (Revision)

Property Location: River Road SE (NC 133)

Parcel Number: A Portion of 038KA00102

Zoning District: R-7500 (Medium Density Residential)

Surrounding Zoning **North** R-7500 **South** BE-R-10 (Belville Jurisdiction)  
**East** R-7500 and BE-R-10 **West** BE-R-10

Proposed Use: The developer of Hawkeswater is proposing to revise the existing planned development master plan by converting 52 single-family lots to 78 townhome units. The proposed revision will reduce the overall density from 2.7 to 2.6 dwelling units per acre and result in a total of 270 single-family lots and 162 townhome units on a gross site of 166.24 acres.

Prior Approval: Hawkeswater Planned Development was originally approved on November 28, 2005. The original approved project called for 317 single family lots and 138 townhome units on 166.24 acres for a density of 2.7 dwelling units per acre.

## Approval Criteria

- The majority of the surrounding uses consists of single family residential, residential townhomes and wetlands.
- The proposed project meets minimum vehicular access point requirements. The North Carolina Department of Transportation has confirmed that all conditions for the driveway permit have been met and that the proposed changes do not warrant additional improvements. A revised Traffic Impact Analysis was not required by NCDOT.
- The 78 proposed townhome units will generate approximately 453 vehicle trips per 24-hour weekday volume. The previously approved 52 single-family lots would generate approximately 497 vehicle trips per 24-hour weekday volume.
- The proposed project meets all street design requirements regarding construction and emergency service standards.
- Proposed infrastructure will include:

1. **Water** and **Sewer** will be provided by Brunswick Regional Water and Sewer (H2GO).
  2. **Roads** will be private.
- **Open Space** is unchanged from the 2005 approval. The developer is proposing the same 33.94 acres of open space that was indicated on the previously approved site plan. Additional open space is not required.
  - The Exceptional Design elements to be included in the project are as follows:
    1. The developer is increasing the periphery buffer adjacent to the subject area by providing a 0.6 opacity 30-foot buffer. Landscaping will be required where native vegetation does not meet the opacity requirements.
  - Adjacent property owners were notified via US mail.
  - **TRC** was held on October 4, 2018 in which all comments were addressed.
  - NCDOT project U-5914 is a proposed road widening project intended to address the traffic concerns on River Road. Construction is scheduled to begin in 2019.
  - A neighborhood meeting consistent with UDO Section 9.2 was held on October 25, 2018 at Belville Elementary School.

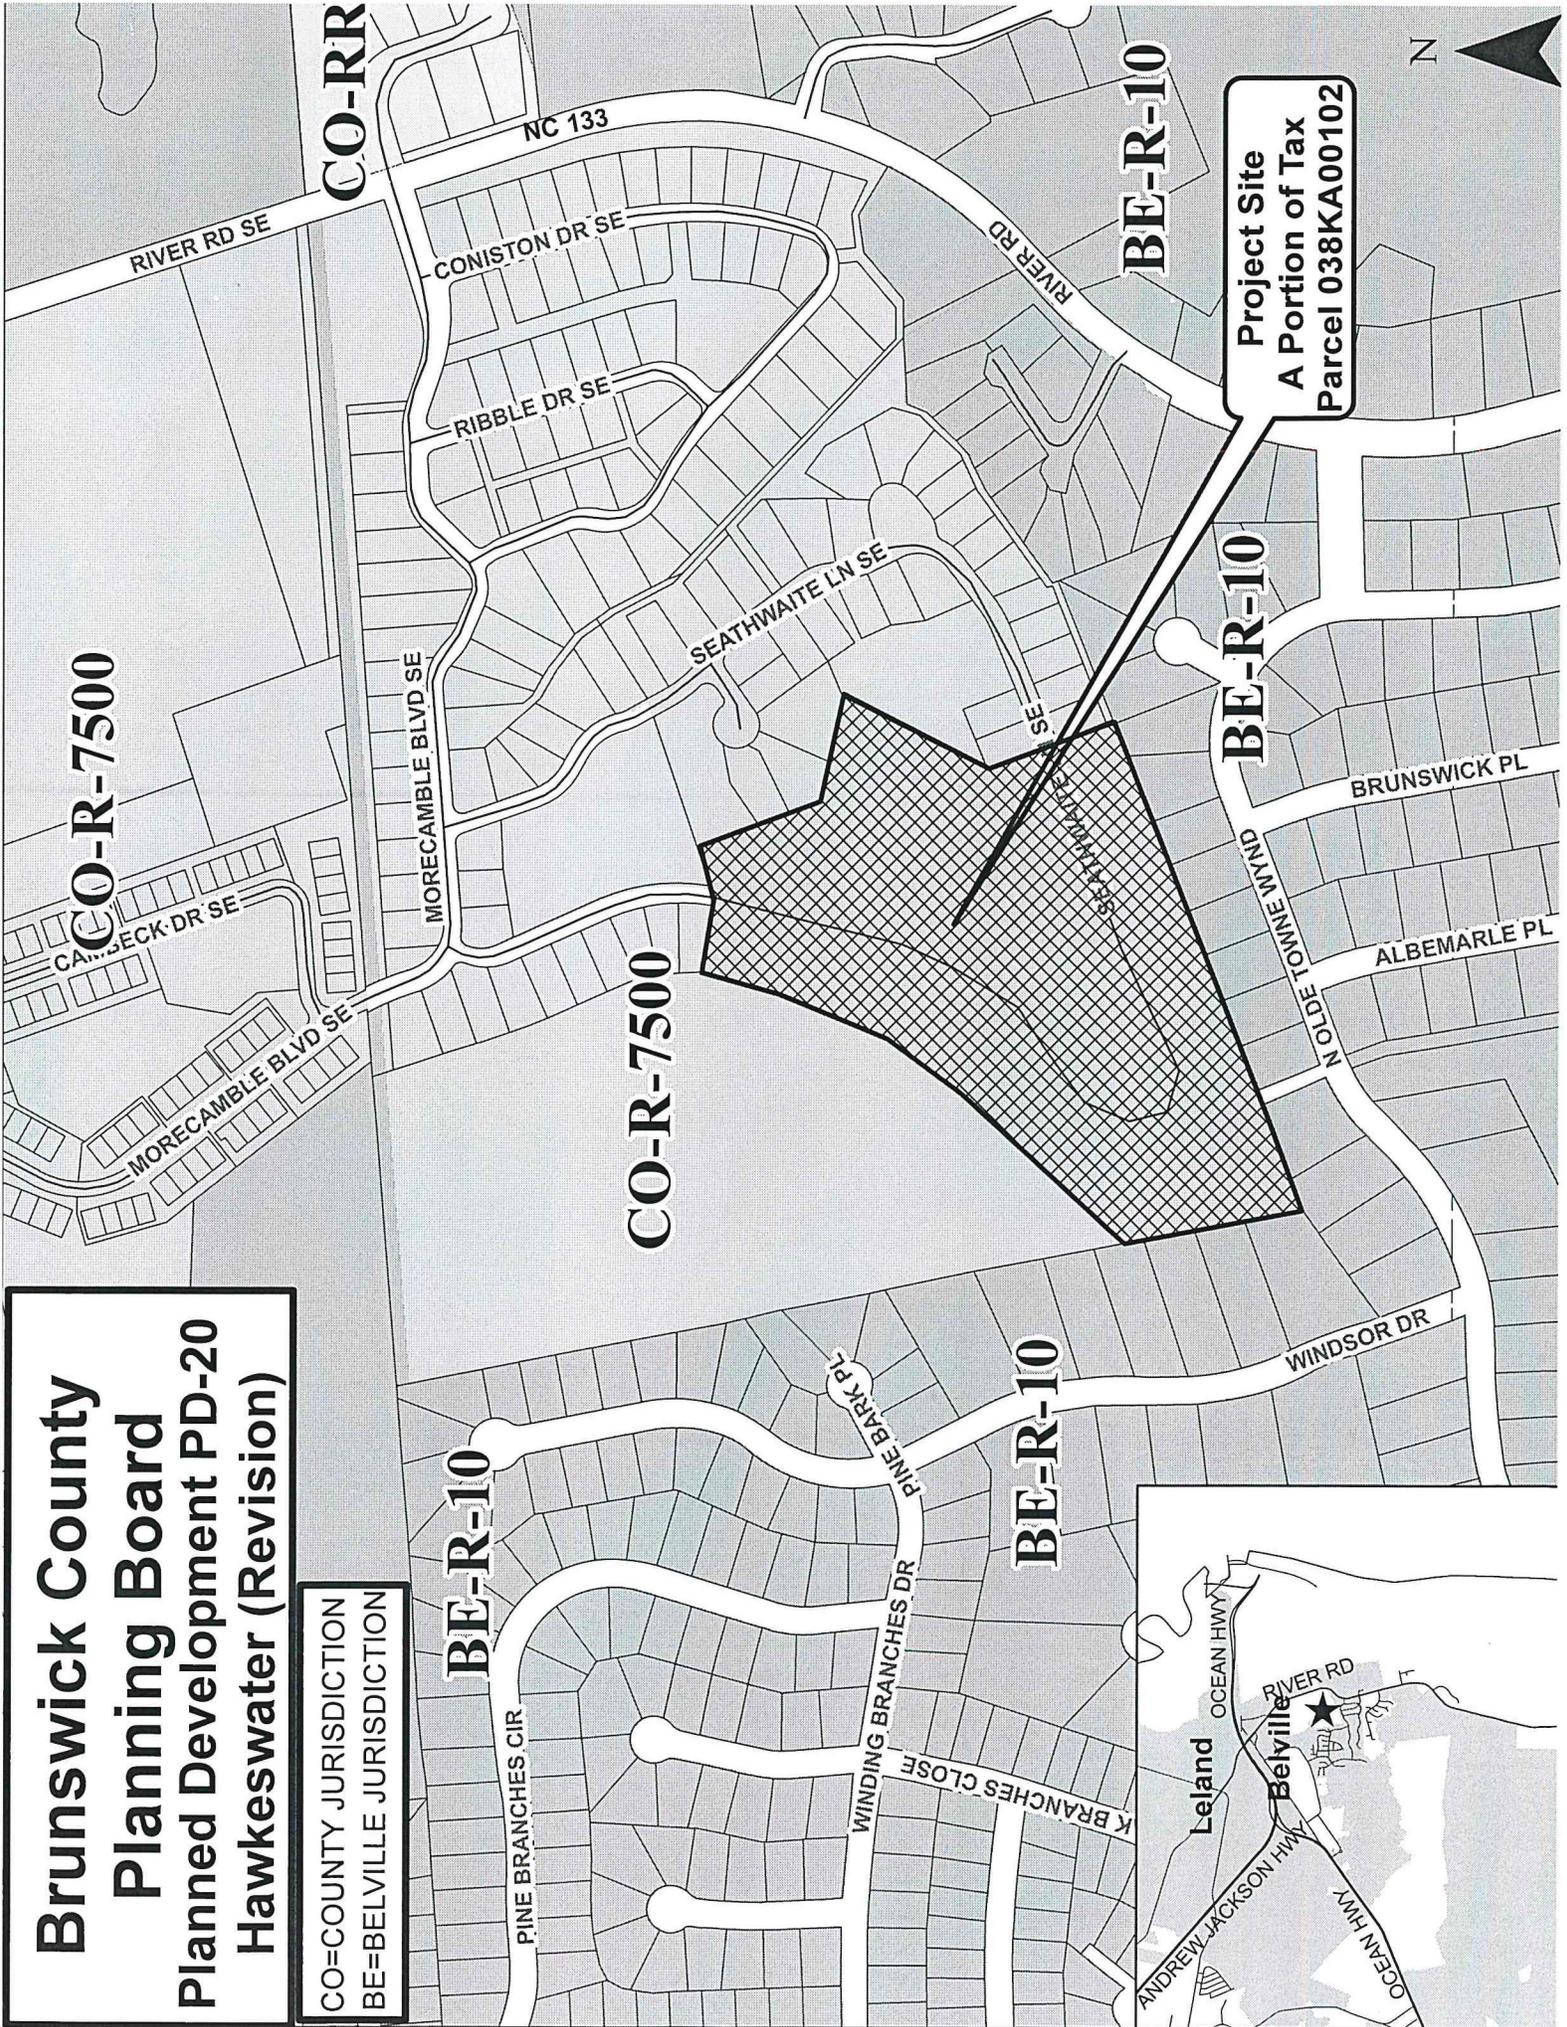

If approved, this development shall have a vested right for a period of three years. A two-year extension may be requested by the applicant to the Brunswick County Planning Department.

Staff recommends approval based on the following conditions:

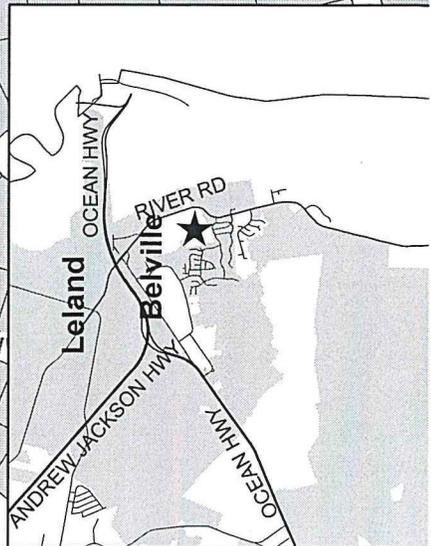

1. That the development shall proceed in conformity with all plans and design features submitted as part of the planned development application and kept on file by the Brunswick County Planning Department.
2. That the development of the parcel(s) shall comply with all regulations as specified in the Brunswick County Unified Development Ordinance.

**RE: Hawkeswater PD Revision**  
**File # PD-20**

Dear Mr. Flannery,

The Technical Review Committee (TRC) at their October 4, 2018 meeting reviewed the preliminary plans for the above referenced project.

Please find below comments with regards to the review of the project.

- Begin discussions for the Driveway Permit update NCDOT Please contact Angel Hammers with NCDOT for additional details – 910-398-9100 or [akhammers@ncdot.gov](mailto:akhammers@ncdot.gov).
- AT&T has facilities available to provide fiber to the home service for telephone and DSL to the project. Please contact Wallace Grey prior to construction to forward a digital file of the project. He may be contacted at 704-589-3508 or [wg3178@att.com](mailto:wg3178@att.com).
- ✓ Please revise the overall residential unit count for the project.
- ✓ Please indicate a 30-foot 0.6 opacity peripheral boundary adjacent to the new townhome section.
- ✓ Please revise the name of the intended water and sewer provider.
- ✓ Please indicate that the townhome units will be subdivided into individual lots.
- ✓ A Neighborhood Meeting consistent with UDO Section 9.2 is required for the project. Please let us know of the time and date of the meeting so a planning staff member can attend. Please note that the meeting must take place at least 10 days prior to Planning Board. In addition, a sign must be posted on site plus notices sent to adjacent and existing property owners 10 days prior to the neighborhood meeting.
- \* Please provide a letter from Brunswick Regional Water and Sewer that there is adequate water and sewer capacity to accommodate the project.
- ✓ Please note on the plan, "County and State Stormwater Permits must be obtained prior to any construction. No natural drainage areas will be cut off or disturbed before obtaining the permits."

- ✓ • Please note on the plan, "All roads will be paved to NCDOT minimum standards for subdivision roads."
- Please note on the plan, "All street lighting will be installed in compliance with Section 6.9. of the UDO. An approved lighting plan will be required prior to the issuance of building permits."
- ✓ • Please note on the plan, "A home owners association will be formed prior to the sale of lots and membership will be automatic upon purchase within the development. The home owners association will comply with the standards set forth in Section 8.9.2.H. of the Brunswick County Unified Development Ordinance."

Please return 1 *folded* copy of the revised plans to the Brunswick County Planning Department by 5:00 p.m. on October 15, 2018. Please accompany the paper plan with a digital (dwg) set as well. This may be in the form of a CD or via e-mail. Revisions will be reviewed and you will be asked for additional copies for Planning Board distribution.

If you have any questions, please feel free to contact me at 910-253-2056.

Sincerely,

Marc,

Thank you for attending the community meeting held on 10/25/18 at Belville Elementary School and offering the County's perspective as it relates to this proposed change. Per your request, I have included a bulleted list of the relevant questions and concerns raised during the meeting.

- Attendees representing D.R. Horton included:
  - Andy Mills – D.R. Horton Land Development Manager
  - Ian Flannery – D.R. Horton Land Development Project Manager
  - Jim Cirello, R.L.A. – Paramounte Engineering
  - Tim Clinkscales, P.E. –Paramounte Engineering
- Representative of Brunswick County Planning Staff:
  - Marc Pagès – Brunswick County Senior Planner

### Issues Discussed:

- There were requests for a new (3<sup>rd</sup>) entrance somewhere to the overall Hawkeswater community. It was explained that this was something that NCDOT had reviewed and did not find any need for additional entrances to the community.
- Overall traffic was a popular topic. It was explained that although the PUD was increasing, the original overall plan was approved for *more* than the community will have even with the conversion to townhomes. Paramounte cited studies that found townhomes generate less “trips-per-day” than single-family homes.
- Residents from the adjacent community raised concerns about increase in stormwater runoff. It was explained that the actual impervious surface would *decrease* and that all stormwater is accounted for in the stormwater management plan. There was discussion about a drainage swale adjacent to D.R. Horton property, however the swale that was being discussed was actually the adjacent property owner (Developer's). It was recommended to the citizen that they raise concerns about that ditch to that developer.
- Hawkeswater residents were concerned with the effect of increased population on the usage of the pool/amenity center.
- Hawkeswater residents were not satisfied with the meeting announcement sign or the mailed notices. It was explained that the sign and the notices were done in accordance with Brunswick County ordinances.
- Some residents were concerned with the effect of the conversion on their property values.

If you have any additional questions or requests for information please let me know.

Thank you,  
Ian

Dear Commissioners,

On behalf of the residents of the Hawkeswater Community located off of Highway 133 (behind Belville Elementary School), I hope you side with your citizens and not the money-hungry, national home builder DR Horton on the issue below.

Some residents just received a letter from the developer working with DR Horton, Paramounte Engineering, Inc., announcing a meeting this Thursday to discuss changes to the neighborhood. These changes include removing plans for single family homes and building several town-homes in place of these homes. The letter, original plan, and amended plan are attached.

I am hopeful these changes will have to go before the Board of Commissioners before they are allowed to go through with the plans. I am also hopeful that the Commission will not let this company continue to take advantage of the citizens of this wonderful county that has already endured so much recently.

DR Horton, and their associated engineering firm, do not care about the people of Brunswick County. They have shown for the second time (<https://www.wwaytv3.com/2017/03/31/residents-post-signs-warning-potential-buyers-of-d-r-horton-after-claims-of-broken-promises/>) that all they care to do is build a neighborhood in Brunswick County as quickly as possible, make as much money as they can, and make their sales based on false pretenses. My husband and I are among the many victims of their schemes. As much as we love our home and neighbors, we have been dealt blow after blow when it comes to home quality, customer service, and blatant manipulation and misinformation. Several of my neighbors have also suffered at great lengths due to Hurricane Florence -- not because of the storm, but because their home was not properly built and was damaged in the storm.

The amendment of this neighborhood will not only create a traffic nightmare on Highway 133, where there are currently no stop lights, but will also destroy the values of the homes that were meant to be a middle class to upper middle class neighborhood for the next generation of families.

Please show this Texas-based company what happens when you mess with the good people of Brunswick County. Please show them they can do their business elsewhere, and that we are smarter and stronger than their deep pockets.

Thank you for your time.  
Elizabeth Bynum

**Subject:** Concern for proposed development

**CAUTION:** This email originated from outside of Brunswick County Government. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear commissioners:

I write to you today to express concern about a matter I believe will be before you soon.

This weekend residents of the Hawkeswater community on NC 133 began receiving the attached letter and proposed a change by developer DR Horton to the community's site plan. As you'll see, the proposal is to change the platting of dozens of single-family homes to even more townhomes. This proposal, which residents of Hawkeswater knew nothing about until receiving this few days' notices of an information meeting, has many of us concerned.

If you talk to residents of Hawkeswater you will hear stories of shoddy workmanship and broken promises from DR Horton. The four original families of Hawkeswater by the River have watched as home after home was built with poor craftsmanship and quality. Many of us had to endure our homes being broken into by contracted workers and countless tires replaced due to lack of decency and following the own job site rules that DR Horton claims to have. So many families in my neighborhood are dealing with water damage from the hurricane and I feel 100% sure it was in part to the poorly built home. My home was a custom built home, by a reputable dealer as were the other 3 homes at the beginning of this development and only 1 suffered damage from a tree being blown into the roof. The other homes in my community are only 2 to 3 years old at most and in the words of my neighbors they were victims of the DR Horton bait and switch plan.

As the developer, DR Horton still has control of the HOA, which will soon be turned over to the residents, so it seems they may be trying to make changes that will significantly impact our lives and properties while we have limited input and then leave us dealing with the consequences. We hope you will not allow them to do this.

The homeowners here bought their homes with a certain expectation of what the final build-out would look like. As an original owner, we were already disappointed when the original owner filed bankruptcy and all those plans were gone. When DR Horton came in promises were made to give us everything we originally bought in for, and sadly we too were disappointed. Over time, I have heard many neighbors complain of various changes in the development that appear not to match those expectations based on what was presented to us by DR Horton. While I cannot speak specifically to those, I know others who will, and I will encourage them to enlighten you about them. This is pretty clear, though. My home is on Seathwaite Lane. This proposed change of adding an even greater density of residents than expected will likely add a significant amount of traffic to our street and the whole neighborhood as well, including the already difficult to navigate the intersection of 133 and Morecamble Drive. There is also an increased burden on community amenities, which are already taxed.

These are just some of the concerns Hawkeswater residents have. Thursday's information meeting is open to the public. I encourage each of you to attend if possible and meet the residents and hear what they have to say about this proposal.

I have met some of you and voted for most of you. I know you are good people who believe in the best for Brunswick County and its residents. That is why I implore you to do what is best for the residents of Hawkeswater and not allow the developer to change the plan the commission has already approved.

If I can provide any other information or answer any questions, please do not hesitate to ask.

Thank you for your time and service. I hope to see you on Thursday.

Sincerely,

## Marc Pages

This proposal, which residents of Hawkeswater knew nothing about until receiving this few days' notice of an information meeting, has many of us concerned.

If you talk to residents of Hawkeswater you will hear stories of shoddy workmanship and broken promises from DR Horton. My family is currently dealing with water damage from Hurricane Florence that we have been told is in part a result of a poorly built roof on our two-year-old house.

This apparent bait-and-switch proposal has many of us again concerned about the lack of control we have over our community.

As the developer, DR Horton still has control of the HOA, which will soon be turned over to the residents, so it seems they may be trying to make changes that will significantly impact our lives and properties while we have limited input and then leave us dealing with the consequences. We hope you will not allow them to do this.

The homeowners here bought our homes with a certain expectation of what the final build-out would look like (please see attached approved plan of the community). Over time, though, I have heard many neighbors complain of various changes in the development that appear not to match those expectations based on what was presented to us by DR Horton. While I cannot speak specifically to those, I know others who will, and I will encourage them to enlighten you about them. This is pretty clear, though. My home is on Seathwaite Lane. I have the privilege of knowing several of you personally, and I have met all of you over time. I know you are good people who believe in the best for Brunswick County and its residents. That is why I implore you to do what is best for the residents of Hawkeswater and not allow the developer to change the plan the commission has already approved.

**Subject:** RE: Changes to the Hawkeswater neighborhood plan and upcoming meeting

**CAUTION:** This email originated from outside of Brunswick County Government. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Commissioners,

Please read this before the Thursday Planning Commission meeting and consider attending.

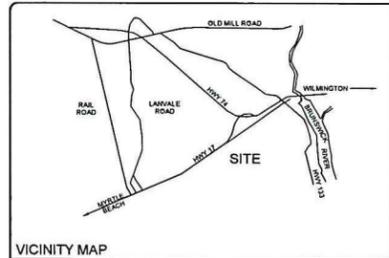

Planning is something that is done before an event is consummated. DR Horton is not in compliance with the planning commission documents already on record. This should preclude updates being made. DR Horton should be made to comply FIRST before any planning commission consideration.

The general notes on the original planning plat which is in conversation shows Note 14. "concrete sidewalks will be provided on at least one side of the streets"

This has not been done. We also do not have street lights. Our neighborhood wraps around Belville Elementary School. This has attracted a high density of families with young children to the neighborhood. I do not think it will be safe for the children or their pets to have the changes approved without first having sidewalks and street lights. Please make DR Horton build the sidewalk and install street lights BEFORE any consideration is given to changes.

I would think "change requests" should be ignored until the builder comes into compliance with the original documents.

Thank you for considering my request,  
Hal Lohn

  - Entire property is zoned R-7500.
  - Tax Map Parcel (0384001) (048CA020).
  - Private access pedestrian easements may be added to some areas.
  - Buffers will be provided per Brunswick County Zoning Ordinance.
  - All roads will be paved to NCDOT minimum construction standards for subdivision roads.
  - All streets will be private and at a minimum must be fourteen (14) feet wide for a single lane and twenty (20) feet wide for a double lane. Minimum right-of-way width shall be forty (40) feet.
  - A siren activated gate system is required for all unattended gates.
  - The Fire Marshal shall review the plans during multi-family site specific review for fire hydrant placement.
  - Wetlands impacted by planned right-of-ways will be mitigated in accordance with any requirements of applicable state and federal permits.
  - All wetlands shall be in a perpetual conservation easement.
  - All lots fronting on cul-de-sac shall have a minimum frontage of 40 feet.
  - Total site area is 166.24 acres.
  - There shall be a note on all final plats, master covenants, and deeds showing the location of wetlands and noting those areas may not be filled, disturbed, or altered in any way unless properly permitted and approved by NCDENR and/or USACE.
  - All street lighting will be installed in compliance with Section 6.9 of the UDC. An approved lighting plan will be required prior to the issuance of building permits.

**BRUNSWICK COUNTY  
STAFF REPORT AND RECOMMENDATION**

Application No. SS-267  
Applicant: Leland School Road, LLC  
Project Name: Vineyard Grove Major Subdivision  
Property Location: Located on Leland School Road (SR 1441)  
Parcel Number: 029AB023  
Zoning District: R-6000 (High Density Residential)  
Surrounding Zoning **North:** R-6000 **South:** R-6000 and CLD (Commercial Low Density) **East:** R-6000  
**West:** CLD  
Proposed Use: Vineyard Grove is a proposed major subdivision consisting of 31 single-family lots on a gross site of 6.45 acres creating an overall density of 4.74 units per acre.

**Approval Criteria**

- The minimum residential lot size in the R-6000 zone with water and sewer is 6,000 square feet. The average lot within the development size is 6,534 square feet.
- A 20-foot street buffer will be installed adjacent to Leland School Road (SR 1441). Existing vegetation will serve as a visual buffer and will be supplemented by additional landscaping where necessary. Within the street buffer will be a 10-foot easement for a future greenway.
- According to NCDOT's Average Annual Daily Traffic Counts, there are no capacity deficiencies for this section of Leland School Road. A NCDOT driveway permit shall be required prior to recording of the individual lots. NCDOT has indicated that no Traffic Impact Analysis (TIA) will be required for the project. The 31 proposed lots will generate approximately 296 per 24-hour weekday volume.
- Parking will be off-street and the proposed project meets the minimum vehicular access point requirements.
- Proposed infrastructure will include:
  1. **Water** and **Sewer** will be provided by Brunswick Regional Water and Sewer (H2GO)
  2. **Roads** will be private.
- **Open Space** is required at 7% of the total project area. The developer is proposing .77 acres of total open space of which only .45 acres is required. Of the required open space, 15% is required to be useable recreation area. The developer is proposing .68 acres of recreational open space of which only .07 acres is required.
- Surrounding uses consist of single family residential and vacant land.
- Adjacent property owners were notified via US mail and a notification sign was posted on the subject property.
- **TRC** was held on October 4, 2018.
- The applicant elected to hold a neighborhood meeting on November 5, 2018.

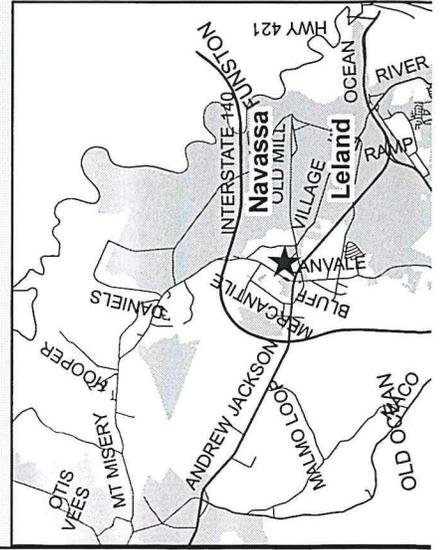

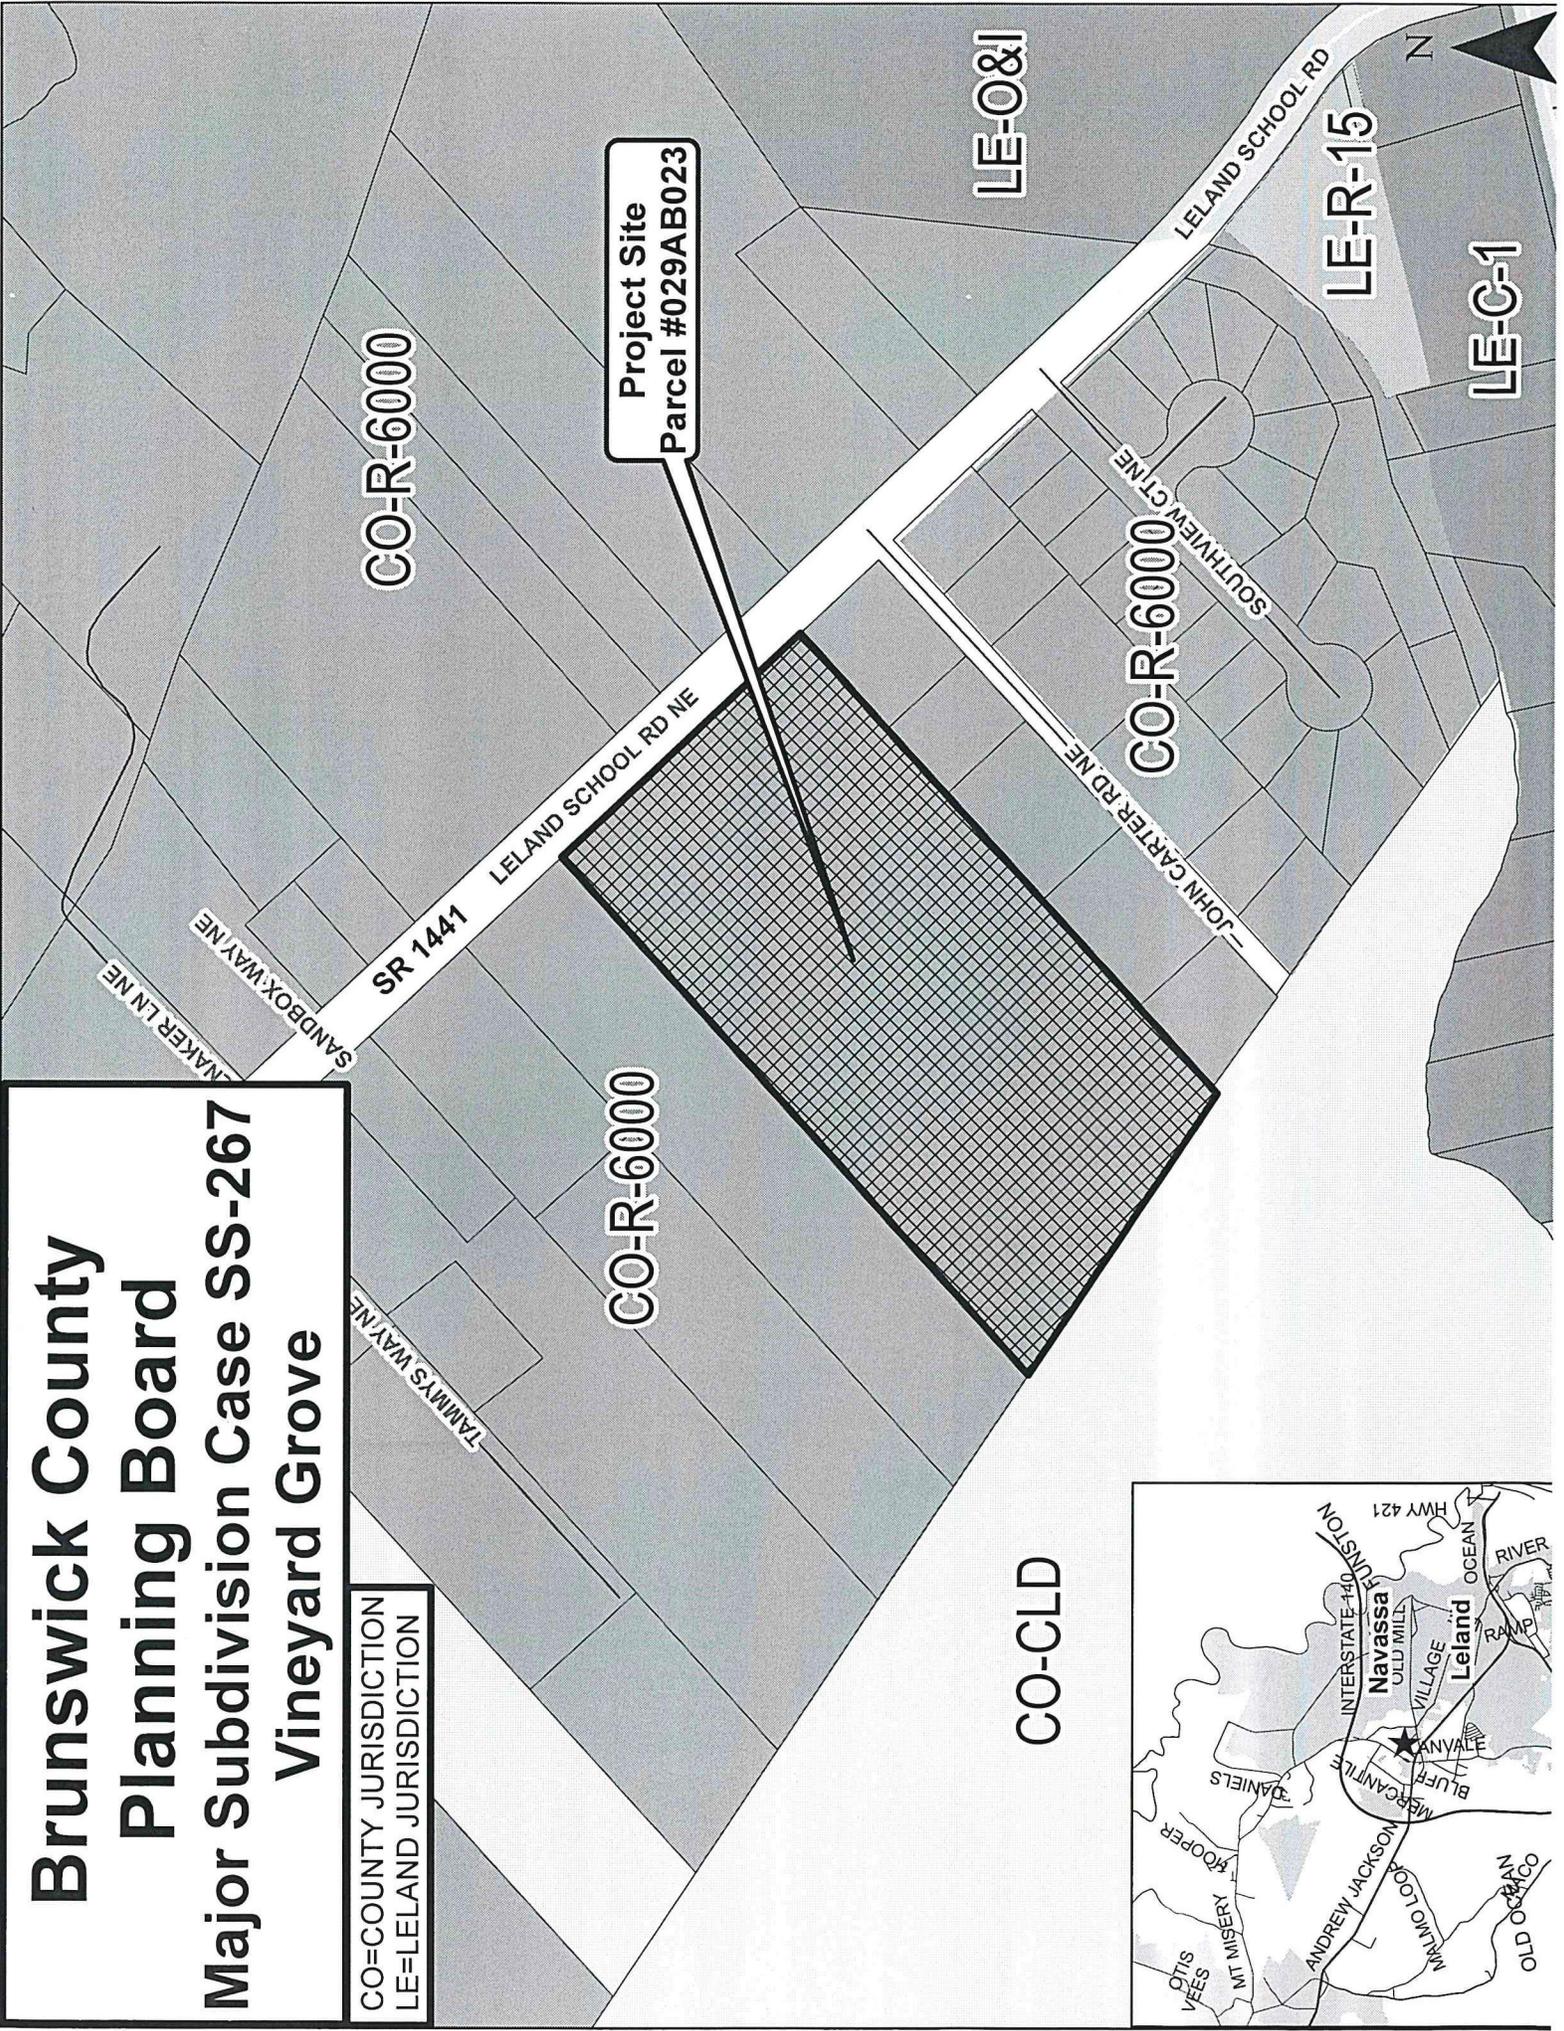

If approved, this development shall have a vested right for a period of three years. A two-year extension may be requested by the applicant to the Brunswick County Planning Department.

Staff recommends approval based on the following conditions:

1. That the development shall proceed in conformity with all plans and design features submitted as part of the major subdivision application and kept on file by the Brunswick County Planning Department.
2. That the development of the parcel shall comply with all regulations as specified in the Brunswick County Unified Development Ordinance.

**RE: Vineyard Landing Major Subdivision**  
**File # SS-267**

Dear Mr. Scheetz,

The Technical Review Committee (TRC) at their October 4, 2018 meeting reviewed the preliminary plans for the above referenced project.

Please find below comments with regards to the review of the project.

- Begin discussions for the Driveway Permit and utility easement process from NCDOT. Please contact Angel Hammers with NCDOT for additional details – 910-398-9100 or [akhammers@ncdot.gov](mailto:akhammers@ncdot.gov).
- Please find different names for the subdivision and the streets. These names are already used in other developments in the county and such duplications are not beneficial for emergency services.
- Please indicate a 0.2 opacity periphery buffer adjacent to Tax Parcel 02900001.
- Please provide a 10' wide pedestrian connection to Tax Parcel 02900001.
- Please indicate a 10' wide easement within the street buffer along Leland School Rd. for a future greenway.
- Please indicate the Tax Parcel ID's, owner information, land uses and zoning designation for the adjacent parcels.
- Please provide a heritage tree survey. If there are no heritage trees on site please note this on the site plan.
- Please note on the plan, "County and State Stormwater Permits must be obtained prior to any construction. No natural drainage areas will be cut off or disturbed before obtaining the permits."
- Please note on the plan, "All roads will be paved to NCDOT minimum standards for subdivision roads."
- Please note on the plan, "A home owners association will be formed prior to the sale of lots and membership will be automatic upon purchase within the development. The home owners association will comply with the standards set forth in Section 8.9.2.H. of the Brunswick County Unified Development Ordinance."

- Please note on the plan, "All street lighting will be installed in compliance with Section 6.9. of the UDO. An approved lighting plan will be required prior to the issuance of building permits."
- A neighborhood meeting is highly recommended for the project consistent with UDO Section 9.2.

Please return 1 *folded* copy of the revised plan to the Brunswick County Planning Department by 5:00 p.m. on October 15, 2018. Please accompany the paper plans with a digital set as well. This may be in the form of a CD or via e-mail. Revisions will be reviewed and you will be asked for additional copies for Planning Board distribution.

If you have any questions, please feel free to contact me at 910-253-2056.

Sincerely,

# REZONING STAFF REPORT

Prepared by Marc Pages, Senior Planner

Rezoning Case#: Z-775

November 13, 2018

## APPLICATION SUMMARY

The applicant requests to rezone Tax Parcels 232HC00801, 232HC00802 and 232HC00803 from CLD (Commercial Low Density) and R-6000 (High Density Residential) to CLD (Commercial Low Density). This rezoning request is conventional therefore, no conditions or site plans are proposed. All owners and adjacent owners have been notified via first class mail.

### Location

2886 Holden Beach Rd SW (NC 130)

### Tax Parcel(s)

232HC00801, 232HC00802 and 232HC00803

### Current Zoning

### Proposed Zoning

CLD

### Surrounding Zoning

R-6000, CLD

### Current Use

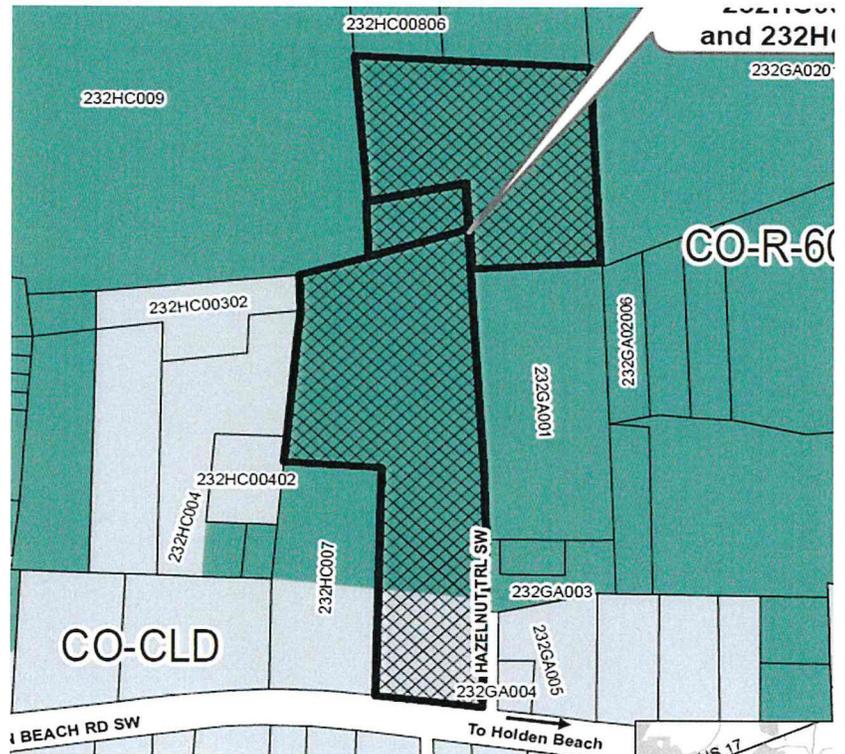

Vacant Land

### Surrounding Land Uses

Residential, Commercial, Vacant Lands

### Size

16.57 acres

## SITE CONSIDERATIONS

**Zoning History:** There are not any known zoning changes to the rezoning site since introduction of zoning in 1994. Some adjacent parcels have experienced a zoning change. Adjacent Tax Parcels 232HC00302, 232HC004, 232HC00402 and 232HC006 to the west were rezoned to CLD as part of Rezoning Case Z-82 on April 17, 1995.

**Buffers:** If rezoned to CLD, all non-residential uses will require a 0.4 (vacant) or 0.6 (developed) opacity buffer to R-6000 areas.

**Traffic:** The average annual daily traffic count for this section of Holden Beach Road SW is 9,100 vehicle trips per day.

**Utilities:** Water and Sewer is available from Brunswick County via a force main along Holden Beach Road SW.

**Schools:** There are not any vicinity school capacity deficiencies at this time.

**CIP Projects in Area:** West Brunswick Classroom Addition (FY 2019) and Brunswick County Waterway Park (FY 2018 & 2019).

**NC DOT Road Improvements in Area:** Convert US 17 & NC 211 intersection to interchange (Project U-5932) – Design Phase (Anticipated Construction 2024).

**Environmental Impacts:** Biodiversity & Wildlife Habitat Assessment Score: Small northern portions of the rezoning site score a 5 out of 10 due to wetlands classified as substantial.

## ANALYSIS

*"This District is intended primarily to be used in outlying areas, adjacent to major thoroughfares, with yards and other provisions for reducing conflicts with adjacent residential uses, and with substantial setbacks to reduce marginal friction on adjacent major thoroughfares. Commercial uses in this District will serve the needs of residential neighborhoods for auto-dependent commercial facilities; and serve the needs of highway-oriented tourist business."*

**CAMA Land Use Plan Classification:** LDR (Low Density Residential) and MDR (Medium Density Residential).

- Proposed Zoning is not consistent with CAMA Land Use Plan.
- Associated Land Use Plan Amendment (LUM-775):  
Request to amend Tax Parcels 232HC00802 and 232HC00803 from LDR and MDR to Commercial.

**Applicable CAMA Land Use Policies:**

- P.16 states that Brunswick County strongly supports commercial nodes, including town or village centers, and the prohibition of strip commercialization.
- P.49 states that Brunswick County supports directing more intensive land uses to areas that have existing or planned infrastructure.

## STAFF RECOMMENDATION SUMMARY

Staff recommends **APPROVAL TO CLD IN CONJUNCTION WITH A LAND USE PLAN AMENDMENT TO COMMERCIAL FOR TAX PARCELS 232HC00801, 232HC00802 AND 232HC00803 BASED** upon information provided, surrounding area, current uses, the Brunswick County CAMA CORE Land Use Plan, and other adopted Brunswick County plans and policies.

**STATEMENT OF REASONABLENESS**

Please explain why the proposed zoning is reasonable for the area. Possible reasons could be the rezoning is consistent with the character of the area, the rezoning will match the surrounding zoning, or the rezoning is consistent with the Land Use Plan:

Parcel 232HC0081 fronts on HWY 130 which is established commercial corridor zoned CLD which is characteristic to the area. The northern portion of this parcel is zoned R-6000 and the connecting parcels are currently R-6000. The majority of the adjacent western properties are zoned CLD. Rezoning to CLD would be consistent with the area.

**LAND USE COMPATIBILITY**

Future Land Use Map Classification: Commercial, MBR, LDR

is the proposed rezoning consistent with the Land Use Plan?  YES  NO

If not consistent, please explain the change in conditions of the community which justify amending the Land Use Plan Map:

Parcel 232HC0081 is consistent with the Land Use Plan classification of Commercial. The northern parcels are low density + medium density residential. Seeing as parcel 232HC0081 is consistent with the Commercial classification, we request adjacent parcel 232HC00803 plus a portion of parcel 232HC00802 be classified as commercial.

NOTE: The future Land Use Map Classification comes from the Brunswick Co. CAMA CORE Land Use Plan. If a rezoning request is not consistent then an amendment is required. Planning Staff can assist with this determination.

# REZONING STAFF REPORT

Prepared by Marc Pages, Senior Planner

Rezoning Case#: Z-776

November 13, 2018

## APPLICATION SUMMARY

The applicant requests to rezone Tax Parcel 243PI025 from R-6000 (High Density Residential) to CLD (Commercial Low Density). This rezoning request is conventional therefore, no conditions or site plans are proposed. All owners and adjacent owners have been notified via first class mail.

### Location

7040 Allred Street SW

### Tax Parcel

243PI025

### Current Zoning

R-6000

### Proposed Zoning

CLD

### Surrounding Zoning

R-6000, CLD

### Current Use

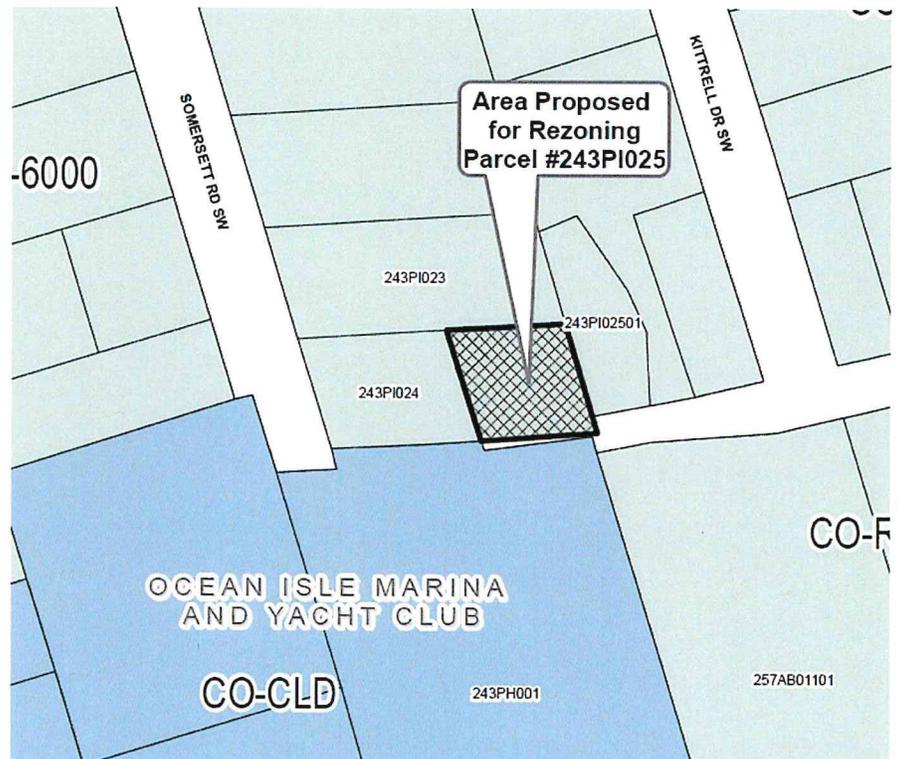

Residential

### Surrounding Land Uses

Residential, Commercial

### Size

0.19 acres

## SITE CONSIDERATIONS

**Zoning History:** In September 2006, the 5.64-acre existing marina located adjacent to the rezoning site was rezoned from R-6000 to CLD (Rezoning Case# Z-519).

**Buffers:** If rezoned to CLD, all non-residential uses will require a 0.4 (vacant) or 0.6 (developed) opacity buffer to R-6000 areas. A buffer is not required for non-residential uses zoned CLD unless there is existing residential; then a 0.4 opacity buffer will be required.

**Traffic:** The average annual daily traffic count for nearby Beach Drive SW (NC 179) is 15,000 vehicle trips per day.

**Utilities:** Water & Sewer is available from Brunswick County along Sommersett Road SW (SR 1161). It is the developer's responsibility to connect to the water and sewer system.

**Schools:** There are not any vicinity school capacity deficiencies at this time.

**CIP Projects in Area:** West Brunswick High School Classroom Addition (FY 2021)

**NCDOT Road Improvements in Area:** Convert US 17 & NC 904 intersection to Superstreet (Project R-5851) – Design Phase (Anticipated Construction 2023)

**Environmental Impacts:** Biodiversity & Wildlife Habitat Assessment Score: No portion of the subject site ranks on the Biodiversity and Wildlife Habitat Assessment scale map indicating minimal environmental impacts.

## ANALYSIS

*"This District is intended primarily to be used in outlying areas, adjacent to major thoroughfares, with yards and other provisions for reducing conflicts with adjacent residential uses, and with substantial setbacks to reduce marginal friction on adjacent major thoroughfares. Commercial uses in this District will serve the needs of residential neighborhoods for auto-dependent commercial facilities; and serve the needs of highway oriented tourist business."*

**CAMA Land Use Plan Classification:** *Mixed Use.*

- Proposed Zoning is consistent with CAMA Land Use Plan.

**Applicable CAMA Land Use Policies:**

- P.16 states that Brunswick County strongly supports commercial nodes, including town or village centers, and the prohibition of strip commercialization.
- P.49 states that Brunswick County supports directing more intensive land uses to areas that have existing or planned infrastructure.

## STAFF RECOMMENDATION SUMMARY

Staff recommends **APPROVAL TO CLD FOR TAX PARCELS 243PI025 BASED** upon information provided, surrounding area, current uses, the Brunswick County CAMA CORE Land Use Plan, and other adopted Brunswick County plans and policies.
