

Brunswick County Policy on Temporary Electrical Power

As per North Carolina Electrical Code (NCEC) 10.8, as well as to establish continuity and promote a safe work environment for all construction personnel in Brunswick County, the following policy is being implemented. We are creating a blanket option if you wish to obtain temporary electrical power to facilitate your construction project.

All installations will strictly adhere to the requirements set forth in 10.8 inclusive of requirements of other state agencies, occupational licensing boards, or commissions.

In no case shall any portion of the permanent wiring be energized until the portions have been approved by an Electrical Code Enforcement Official.

Copies of the NCEC may be obtained from the [North Carolina Department of Insurance](#). Please familiarize yourself with it.

We are requiring all main distribution panels as well as sub-panels (if containing energized circuits allowed for temporary/electrical power to be completed with only the circuits to be energized to be terminated to the over current device. The remaining branch circuits are to be terminated in a wire/wing nut. We will strictly enforce NCEC 10.8.3 "Uses Prohibited".

"FAILURE TO COMPLY WITH THIS SECTION WILL RESULT IN DISCONNECTION OF POWER AND REVOCATION OF PERMIT".

Brunswick County Inspections Department

75 Courthouse Drive. Bolivia. NC 28422

APPLICATION FOR TEMPORARY ELECTRICAL POWER

This application is for the temporary use of service utilities for the purpose of the completion of construction and testing pursuant to NC General statute 143-143.2, 160A-423; NCEC 10.8 and NC Administrative Code and Policies section 204.8,204.9.

Project #: _____ License #: _____ Contractor: _____

Site Address: _____ Applicant Name: _____

Email: _____ Phone: _____

Please list the specific portions and areas to be connected. Failure to list all specific areas requested or an inspection failure to part of an area or system will result in the applicant having to submit another application along with an additional inspection request. Inspectors cannot approve more than what is being requested and service, systems, appliances, or fixtures must all meet the NC technical codes.

Describe electrical systems, mechanical systems or plumbing systems for which application is made to facilitate construction or required testing only:

(The requested systems listed above does not constitute approval of all systems and services. Inspection results will indicate if approval is requested above or modified with lesser approval than requested. An inspector cannot approve more systems or services than requested. PLEASE REVIEW YOUR RESULTS AND SITE INFORMATIONAL FOR ANY LIMITATIONS GIVEN.

For additional systems or services another application must be submitted. See a list of additional applications/forms at the following link <https://www.brunswickcountync.gov/codeadministration/terms/>.

I, _____, hereby request temporary permit of service for 90 days from time of inspection approval with automatic 90-day renewals/fees until Certification of Occupancy is issued or written notification from owner's representative is received to disconnect utility.

Please print the appropriate name in the space provided. Doing so will indicate that you have read and agreed to the terms and conditions.

I, _____, hereby request temporary permit of service for 90 days from time of inspection approval with automatic 90-day renewals/fees until Certification of Occupancy is issued or written notification from owner's representative is received to disconnect utility.

I, _____, understand and agree to the conditions that the building or area for which temporary utilities are approved is not to be occupied until the appropriate Certificate of Occupancy is issued. Failure to comply will result in the disconnection of those utilities and may result in the revocation of permits.

I, _____, understand that occupancy of new building/structures includes owner's furnishings such as desk, furniture, computers, stock, etc. If applicable I have informed the owner as well that failure to comply will result in the disconnection of those utilities, may result in the revocation of permits, and will required the removal of furnishings until approved for either a TCO or CO as required by law.

I, _____, understand and agree to the conditions that I as the applicant am responsible to maintain energized electrical systems or that portion of the building containing the energized electrical system in a secure and locked manner or under constant supervision to exclude unauthorized personnel.

I, _____, understand and agree to the conditions that I as the applicant am responsible for ALERTING ALL PERSONNEL WORKING in the vicinity of the energized electrical system to its presence. I fully understand that this means all subcontractors and anyone who might be working in an area that could be harmed by energized systems or services.

I, _____, if not the owner, state that I have informed the owner of the address indicated and that the owner is also in agreement with all the terms of this temporary utility application.

Owner Verification: I am the owner I am not the owner but have discussed this application with the owner

I, _____, hereby agree to indemnify, defend, and save harmless Brunswick County, its employees, and the utility companies from any and all liability arising from utility services being either connected or disconnected from the above-mentioned premises as requested/allowed by this application.

I acknowledge and agree that I have communicated, secured, and notified all parties as required in the above and agree to all terms as set forth in this application:
